Y.M.C.A. NEWS

More boys have joined the boys' department this month than during any of the past 11 months.

The men's indoor baseball league is getting under way. Teams are being organized and play will begin shortly.

A gratifying large per cent of the men who joined the association last January are renewing and keeping up their memberships.

Jay A. Urios, secretary of the educational department, is working on a course in salesmanship which will soon be introduced in the night school.

Galen M. Fisher, national secretary of the Young Men's Christian Association of Japan, will spend two weeks in Honolulu beginning February 27.

The afternoon gymnasium work for boys is drawing better than ever before, and the juniors are taking a great interest in systematic work and athletics.

Bowling during January has beaten all last year's records. More men are bowling and more games are being played than since the alleys were first opened.

The dormitory is filled and has a good waiting list. The Midnight Quartet—making great strides toward a perfect musical organization.

The secretarial training class has taken up a study of Rauchenbusch's "Christianity and Social Crisis." This class meets each Thursday morning from 10:30 until 11:30 o'clock.

The Young Men's Christian Association has decided to be represented in the Floral Parade—marching section with groups from the senior department, the boys' department, and boys' clubs.

No feature the association has put on in recent years has been so popular with the boys as the present series of Saturday hikes. Today the boys are doing Ewa plantation and next Saturday they will go to Schofield Barracks.

The physical department is planning a big rally under the auspices of the Health League which is scheduled to be held Friday evening, January 30. An illustrated lecture on outdoor life, by Dr. Doremus Scudder, will be one of the features of the occasion.

The attendance at the Thursday

night lectures recently has been quite a bit above the average. But even so, with the larger attendance, not enough of the members of the association realize the excellent talks which are being given in Cooke Hall. These lectures are free to the members of the association and their men friends.

These are big days in employment matters at the Young Men's Christian Association. The large number of men out of work—mechanics, clerks and laborers—puts an unusually heavy demand on the association's employment facilities. The association asks the cooperation of employers in keeping it informed as to openings for men.

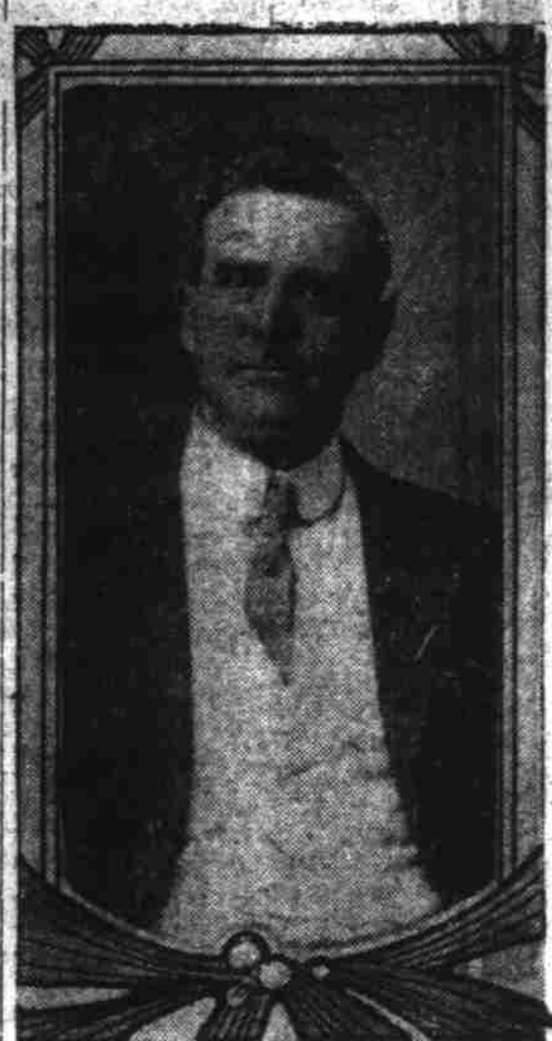

An interesting point has been brought out in connection with the present membership canvass. It is a fact that a number of men think that the association would not miss the annual membership fee of \$5 or \$10. In every instance in which this has been met, great pains have been taken to show the members the utmost necessity of retaining them as subscribers. While a man himself may not use the building, there are two very direct results of his retaining his membership—first, the amount of money collected is a great help to the association, and second, the consciousness of strong moral support and backing very greatly increases the efficiency of the workers. Every man who gives helps in this way.

CONCERT SERIES ON ROOF GARDEN

The first of a series of Saturday concerts given by the management of the Alexander Young Hotel on the Roof Garden will take place this evening beginning at 9 and ending at 11:30 o'clock. An orchestra under the leadership of Professor Carl Miller will perform—advertisement.

By a special system of rotation originated by John McLaren, superintendent of San Francisco's parks, every flower of the million plants of the tropical garden at the Panama-Pacific International Exposition will be in full bloom during the 10 months the exposition will be open to the public. A duplicate of every plant will be kept in the nurseries, green houses and lath-houses and as one in the open ceased to bloom a forced plant will be substituted for it.

MOOSE LODGE WILL ENTERTAIN FRIENDS AT 'HOME' TONIGHT

William H. Hutton, who is on program for several songs at Moose entertainment tonight.

An interesting evening is promised by the lodge of Moose at its smoker and program of entertainment planned for tonight. Several good numbers are on the bill, including music, vocal and instrumental, a boxing match and a fine line of refreshments. The officers of the lodge, who have worked for the success of the affair are:

District deputy supreme dictator, C. H. Brown; deputy supreme dictator, E. H. F. Wolter; acting dictator, G. S. Leithead; acting vice-dictator, A. F. Henderson; prelate, E. W. Bull; secretary, J. W. Lloyd; treasurer, James Bicknell; trustees, Julius W. Asch, J. J. Sullivan, W. F. Armstrong; steward of sick, Charles Barron.

The annual meeting of the Hawaiian Historical Society will be held in the Library of Hawaii Friday evening, January 30, and will be an open gathering, all members, their friends and other persons interested being invited. The following papers will be read: "The First Secular Printing Press," by Rev. Father Reginald; "Hawaiian Coinage," by John P. G. Andt; "Was John Young an American?" by Bishop Henry B. Restarick; and "Kamamahaka's Cedding Hawaii to Vancouver," by Roy W. D. Westervelt.

ADVERTISEMENT TELLS OF WORK OF TERRITORIAL MARKETING DIVISION

An advertisement which will be of interest to no doubt over the entire group of islands appeared in the Star-Bulletin Friday afternoon. It is advertising the territorial marketing division which is under the supervision of Dr. E. V. Wilcox, agent in charge of the federal experiment station here.

Dr. Wilcox is assisted in this work by O. B. Lightfoot, whose time is taken up entirely by the marketing division, and A. T. Longley of the experiment station.

The following, showing the conditions and accomplishments of the division, is taken from the advertisement:

1. Advise all island producers what produces the Honolulu market requires and when and how to send it. 2. Receive any article of island produce from any island resident, and sell it at the best obtainable price. 3. Gather statistics of wholesale price of island produce—cattle, sheep, hogs, poultry, eggs, vegetables, fruit, grain, etc., and publish it for the information of the public. Answer questions concerning the state of the market and furnish information not covered by the published market quotations. 5. Furnish seeds, crates and bags at cost. 6. The service is free—no charge to the producer. All sales are for cash. Returns to the customer are made in cash as soon as the transaction is completed. No charge is made for the service. It is absolutely free. Before sending any produce to the market, notify the division—address P. O. Box 153. Wire-less address, "U. S. E. S." Address produce to "U. S. E. S., 112 Queen street, near Maunakea, Honolulu. Anyone can buy at the market; but sales are of wholesale quantities, and packages will not be broken.

SUFFICIENT SALOONS IN HONOLULU, DECIDE LICENSE COMMISSIONERS

On the ground that already Honolulu boasts of sufficient saloons, which fact was ably set forth in a strong protest by George W. Patsy, agent of the Anti-Saloon League, the Board of Liquor License Commissioners yesterday refused to grant to Choy on a license to open a business at Nuuanu and Punalu streets. In spite of the fact that Choy on possesses petitions signed by various voters and residents of the 15th precinct of the fifth district, this being pointed out by his counsel, Noah A. Hill, the board refused the request. A petition from Clifford Kimball, licensee of the saloon at Lihoua, requesting to be allowed to have music, card games and other amusements in his place of business was deferred until the next meeting.

Bill (on the third story, to Tom on the fifth)—"I say, Tom, whenever convenient would you mind dropping a hammer or a brick or anything hard on me head? Or just been taking some accident insurance?"

RESOLVED

TO SAVE HALF OUR CLOTHING BILLS

You can do it, too, if you'll only try the following plan this year:

Send your outer garments to us as soon as they become soiled or out of shape. You send your linen to the laundry constantly. Your outer garments will last twice as long and look good all the time if sent constantly to us for

Abadie's Dry Cleaning

We save the men and women of Honolulu thousands of dollars annually by saving garments considered "ruined," but we actually save more for the constant user of our service.
